### Reading, Writing & Spelling Camp: Elementary

Grades 3-5 *3:1 teacher to student ratio*

July 11- July 22 9:00-12:00

\$1500

Using an Orton-Gillingham approach to reading and spelling, students will learn skills and strategies to build and increase:

- phonemic awareness
- strategies for decoding multisyllabic words
- reading fluency, accuracy and comprehension

Additionally students will be given daily instruction in written expression focusing on:

- sentence structure
- basic grammar skills
- paragraph composition

### Reading, Writing & Spelling Camp: Middle

Grades 6-8 *3:1 teacher to student ratio*

July 25- August 5 9:00-12:00

\$1500

Using an Orton-Gillingham approach to reading and spelling, students will learn skills and strategies to build and increase:

- morphological awareness to include root words, prefixes and suffixes
- strategies for decoding multisyllabic words
- knowledge of common spelling rules
- vocabulary development
- reading fluency, accuracy, and comprehension

Additionally students will be given daily instruction in written expression focusing on:

- creating descriptive and complex sentences
- writing for different purposes
- multi-paragraph compositions

### Elementary Math Program

Grades 3-5 *3:1 teacher to student ratio*

August 8-12 9:30-12:00

\$750

Using a multi-sensory hands on approach to math, students will learn skills and strategies to become more confident and proficient in math. Manipulatives will be used to guide concept development and students will be instructed in how to understand the language of math. Building number sense and problem solving skills will be a focus. Each student enrolled will receive their own math strategy box and a binder of valuable math resources.

### Back-to-School Reboot!

Grades 4-7 *4:1 teacher to student ratio*

Session 1: August 22-25 4:00-5:30; Session 2: August 29-September 1 4:00-5:30

\$300

In this course children will "reboot" their brains in an effort to transition more smoothly to school and be better prepared for their upcoming academic responsibilities. In an engaging and approachable manner, students will get back into the swing of things by working through all subjects including reading, math and writing.
